

10.07.2011

Astral 7 - sizes 24, 26 and 28 have passed all the tests

All three sizes are at the certification stage and will be online on the DHV website very soon. Advance orders are already in production and the first 24s (80-102kg) will be delivered in mid-December. Sizes 26 (90-110kg) and 28 (100-125kg) will be ready for delivery from mid-January. We recommend that you contact your Swing dealer straight away to organise a test flight. You won't want to give the Astral 7 back...

Astral 7....the best Astral ever!
