Mistral 7: all sizes now also certified LTF-B

All that may have been waiting for the LTF certification of the Mistral 7 will be happy as of now. All sizes of the Mistral 7 from XS through XL have now officially received the certification according LTF-B.

Additionally the MISTRAL 7 L has been tested by the DHV according to the latest LTF and has been confirmed LTF-B by the DHV. The associated documents will be published online shortly.

The certification of the Mistral 7 has never been subject of the discrepancies between the EAPR and the national accreditation bodies. This has been reconfirmed by the additional certification tests of the Mistral 7 L by the DHV according to the latest LTF. Those tests have been carried out at Swing's request by the DHV and have been completed successfully according LTF-B.

We would like to apologize for the resulted waiting times.

All sizes are as of now available on stock. We are looking forward to your order!
